CLUB WOMEN ARRIVE

Distinguished Visitors From the Denver Biennial Convention

ROYALLY ENTERTAINED

MET AT THE DEPOT BY A COM-MITTEE.

Taken to Saltair Beach, Where Its Results-Something About the

Mothers' congress arrived in the city yesterday morning and were taken in charge by the club women. They were met at the depot by a special committee and escorted to the Ladies' Literary club, where they registered. Among them is numbered some of the most prominent literary and club women of the country.

At 10:30 they were taken to the depot, where special cars were in walting to convey them to Salva.

OFF FOR SALTAIR.

At 10:30 they were taken to the depot, where special cars were in waiting to convey them to Saltair. On arriving at the beach a bath was enjoyed by the visitors, and afterwards a dainty luncheon was served by the committee. Tables were set in the dining room on the pavilion and decorated with pink and white sweet pens and carnations. The ladies who assisted in serving were Mrs C. B. Hough, Mrs. Vincent, Mrs. E. R. Eldredge, Mrs. Julia Taylor, Misses Clark, Runt, Culmer and Farnsworth.

She was followed by Mrs. Mary E. Mumford, who spoke of this her first visit to the west as one of great pleasure. She was surprised to learn of the number of women's clubs in this city, there being more here than in Philadelphia, and was much impressed with the club women and the Mothers' congress, and thought that in the uniting of the mothers and the club women was the answer to the old question of "Will club women forget their home?"

Matrid, June 31.—The governor gen-oral of Porto Rico cables that it would be difficult to save the cargo of the Spanish vessel Antonio Lopez, which was run ashore at Sallmas, near the entrance of the harbor of San Juan de Porto Rico, to escape the United States auxiliary cruisers St. Paul and St. Louis, which prevented her from landing a cargo of provisions and war material. He explains his inability to save the steamer's cargo by the fact, as alleged, that an American cruiser is continually firing upon the stranded Spanish vessel Antonio Lopez, which was run ashore at Sallinzs, near the entrance of the harbor of San Juan de Porto Rico, to escape the United States auxiliary cruisers St. Paul and St. Louis, which prevented her from landing a carso of provisions and war material. Hobson Sinking the Merrimac.

At a great expense the management of the Lancon have secured another great spectacular production. Owing to the fact that thousands were unable to see the great war spectacle. Thiswing up of the Menne' which was causeful with so much success and realism at Lagour on last Sanday evening, the management will, on July 2, reproduce this famous carastrophe, and on the evening of July 3 will be portrayed the Intest, newest and most sublime spectacle, "Howon sinking the Merrimac." These two great war scenes will, in point of magnificence and realistic effects, far surpass any other heretofore produced, and they are positively the last it is in the power of the Lagour management to offer to its patrons this senson.

INTERESTING ADDRESSES.

After lunch the ladies adjourned to a room off the dancing pavillon and enjoyed the next hour in listening to speeches from the most evoniment of the club women.

Mrs. McVicker called the meeting to order and in a few well chosen words, welcomed the visitors to Salt Lake, and called on Mrs. Kate Tenant Wood for a speech.

Mrs. KATE T. WOOD.

Mrs. Wood thanked the women of Salt Lake for their kindness and hospitality, and after speaking in glowing terms of the blennial at Denver, compared their treatment here to what is known in old New England as the aftermath—the second sowing, which is newers for their function and espitality, and after speaking in glowing terms of the blennial at Denver, compared their treatment here to what is known in old New England as the aftermath—the second sowing, which is neways the sweetest—and spoke of their meeting here as the aftermath—the second sowing, which is neways the sweetest—and spoke of their meeting here as the aftermath—the second sowing, which is neways the sweetest—and spoke of their meeting here as the aftermath—the second sowing, which is neways the sweetest—and spoke of their meeting here as the aftermath—the second sowing, which is neways the sweetest—and spoke of their meeting here as the aftermath—the second sowing, which is neways the sweetest—and spoke of their meeting here as the aftermath—the second sowing, which is neways the sweetest—and spoke of their meeting here as the aftermath—the second sowing, which is neways the sweetest—and spoke of their meeting here as the aftermath—the second sowing, which is new as the proposed of the same proposed to the freedom of these two decions with the same tone of capital intelligently expende When seen by a Herald reporter yes-erday, Colonel Pickett spoke most en-
